THE COLLEGE

ACCREDITATION

Salisbury State College is a fully accredited multi-purpose, liberal arts and teacher education institution offering undergraduate programs leading to the Bachelor of Arts and Bachelor of Science degrees, and graduate programs leading to the Master of Education degree, and to Master of Arts degree in English, in History, and Psychology. The college is accredited by the Middle States Association of Colleges and Secondary Schools, the Maryland State Board of Education, the National Council for Accreditation of Teacher Education, and the Council on Social Work Education.

STATE SUPPORT

The college is an integral part of the public system of higher education in the State of Maryland. It is governed by the Board of Trustees of the State Universities and Colleges and is supported by appropriations authorized by the State Legislature.

PHILOSOPHY

As a state-supported educational institution, Salisbury State College is concerned with its accountability and educational responsibilities in all areas of operations. Such responsibility prompts establishing a primary objective of providing academic programs for all segments of the public. In addition, the college concerns itself with offering all of its physical facilities to the community for enrichment purposes.

The college strives to provide highest quality undergraduate and graduate programs leading to the various degrees. In addition, effort is made to constantly improve daytime, evening and summer non-credit programs, as well as to create new educational experiences whenever a need arises.

The college's institutional philosophy is based not on rigidity and exclusiveness, but on flexibility of services to all who wish to avail themselves.

Salisbury State College perceives itself as a place where every person—regardless of race, creed or religion—will be respected with dignity. That person will be afforded the opportunity to develop his or her mind and body to its fullest capabilities. The resources are vast, the opportunities are nearly limitless to all who wish to energetically accept the challenges.

HISTORY

In 1922 the State Legislature established a commission to determine a location for a two-year normal school on the Eastern Shore of Maryland. A site at Salisbury was selected by the commission, and the institution opened in September 1925.

The school offered a two-year course for the preparation of elementary school teachers in Maryland until 1931 and 1934, when respective increases of three and four years were made. By action of the legislature of 1935, the college was authorized to grant the Bachelor of Science degree and to change its name to the State Teachers College at Salisbury.

Prior to 1947 the college limited its program to the preparation of teachers for the elementary schools. Expansion of the teacher preparation program occurred that year to include the junior high school level and in 1960 to include secondary school teachers, with a four year program in arts and sciences with majors in several academic fields leading to the Bachelor of Arts and Bachelor of Science degrees. In 1962 the State Board of Trustees approved a graduate program in education leading to the Master of Education degree, in 1971 a program leading to the Master of Arts degree in History was approved, in 1974 a Master of Arts degree in English was approved, and in 1975 a Master of Arts degree in Psychology was established.

In 1963, Salisbury State College became one of the State Colleges of Maryland under jurisdiction of the Board of Trustees of the State Colleges. Major emphasis was placed on the four-year program for undergraduates, offering majors in the arts and sciences as well as professional preparation leading to teacher certification.

LOCATION

Salisbury State College is located on U.S. Route 13 at the southern edge of Salisbury, which has a metropolitan population of 50,000 and lies 32 miles west of Ocean City, Md., 115 miles southeast of Baltimore and Washington, 125 miles south of Philadelphia and 125 miles north of Norfolk, Va.

FACILITIES

HOLLOWAY HALL is primarily the administrative office building of the college. It contains most administrative offices, faculty offices, classrooms and some student offices. Also in Holloway are a modern 776-seat auditorium, Social Room and the National Ward Foundation Wildfowl and Woodcarving Museum.

BLACKWELL LIBRARY, near the center of the campus houses 190,000 items in open stacks, including books, bound periodicals, government documents, and a Curriculum Laboratory. The library subscribes to 1,800 periodicals and has extensive non-book resources including microforms, filmstrips, phono recordings and cassettes. The College Art Gallery is located on the second floor.

CARUTHERS HALL, located near Route 13, to the right of the main entrance to the college, houses additional administrative offices, the Continuing Education Office, the Admissions Office, the Office of Graduate Studies, teacher education offices, as well as classrooms, faculty offices, and a 225-seat auditorium.

THE COLLEGE CENTER, located between Devilbiss Hall and the Ruth Powell Dining Hall, includes a lounge, snack bar, bookstore, meeting rooms, commuter mail boxes, games room, service desk, and staff and Program Board offices.

DEVILBISS SCIENCE HALL is a three-story air-conditioned building. In addition to its 22 classrooms and 27 offices there are a mathematics center, laboratories for geography and biological sciences, chemistry, physics and physical science. Special features in this building are a theatre-lecture hall seating 224, and a greenhouse.

THE HEALTH CENTER, located at the south end of Holloway Hall, features seven student-patient beds, a waiting room, two offices, a treatment room and a utility room.

THE MUSICAL ARTS CENTER, situated at the Route 13 entrance, is an acoustically treated building, containing a 17-piano electronic piano laboratory, two classrooms, and faculty offices.

BENN MAGGS PHYSICAL ACTIVITIES CENTER was completed early in 1977 and includes a large arena, swimming pool, wrestling room, dance studio, classrooms, offices, large multi-purpose gymnasium, three handball courts, varsity and intramural locker rooms, training room, equipment and reception area.

RUTH POWELL DINING HALL, near the center of the campus, completed during 1977, will seat nearly 1000 students at one time and offers the latest collegiate kitchen equipment.

THE PRESIDENT'S HOME is located on a wooded knoll on the southern edge of the campus.

RESIDENCE HALLS: Wicomico Hall houses 106 students; Manokin Hall, 94 students; Pocomoke Hall, 104 students; and Nanticoke Hall, 150 students.

Choptank and Chester are identical six-story air-conditioned dormitories for 221 students, each of which features on the first floor eight double bedrooms with two student baths, a manager's apartment, visitor's lounge, elevator and public toilets. Each of the five upper floors contain 20 double bedrooms, four student bathrooms, proctor's bedrooms and bath, snack room, student lounge and elevator.

Chesapeake Hall, the newest dormitory on campus, is a cluster type air-conditioned dorm for 184 students. Four double rooms are clustered around a living room, a kitchenette, and 2½ baths. Each cluster has its own entrance from the outside and there are no inside corridors.

TAWES GYMNASIUM is used extensively for intramural activities and offers a fine recreational facility for students to use.

OUTDOOR ATHLETIC FACILITIES include varsity fields for soccer, baseball, softball and field hockey, practice fields, all-weather quarter-mile track and 12 hard-surface tennis courts featuring plexi-pave surfaces and six lighted courts for night play. The baseball diamond features an Astro turf infield, the only one located in the state.

DIVISION OF GRADUATE STUDY

Salisbury State College is approved for graduate instruction by the Middle States Association of Colleges and Secondary Schools and the Maryland State Board of Education. The college offers graduate programs leading to the master of education degree, the master of arts degree in English, in history, and in psychology. Graduate study is also available for teachers seeking to meet requirements for basic or advanced certification and for post-baccalaureate students seeking graduate credit in both academic and professional areas.

During the fall and spring semesters, the great majority of graduate students enroll for courses conducted in the evening program of the college. Designed for part-time students, this program consists mainly of courses meeting once weekly throughout the semester in either late afternoon or evening sessions of approximately three hours each. A limited number of courses open both to graduate students and advanced undergraduates are also available in the regular daytime program. In addition, graduate study is available in the college summer program. Dormitory accommodations are available to graduate students in the summer sessions only.

OBJECTIVES

The primary objective of the graduate division at Salisbury State College is to provide college graduates with opportunities for professional advancement and personal enrichment through graduate study. The graduate curriculum is designed to assist such students in attaining greater mastery of their fields of specialization, to improve skills in pursuing independent study, and to increase professional knowledge and ability through the study of new findings in areas of special interest.

The college also recognizes an obligation to college graduates residing in the general community of the Eastern Shore and strives to offer constructive coursework at the graduate level designed to meet their specific needs throughout the year.

REGULATIONS AND PROCEDURES

ADMISSION TO GRADUATE STUDY

To be eligible for admission to graduate study, the applicant must have completed requirements for the bachelor's degree at an accredited institution of higher learning. Admission to the college is granted without regard to race, color, religion, national origin or sex.

Students seeking admission to graduate study may obtain application forms from the Graduate Office. The application should be completed and returned to that office as early as possible in the term immediately preceding actual enrollment. In each case, the applicant must request the registrar of his undergraduate institution to forward an official copy of his undergraduate transcript, showing completion of baccalaureate degree requirements, directly to the Graduate Office. Admission for graduate study is unofficial until the official transcript and completed application are on file, and graduate credit will therefore not be recorded until these documents are received.

Students making a late decision to begin graduate study may register for graduate courses at the beginning of a semester or summer session, but will not be officially admitted until the application for admission and official transcript are on file. Such students should visit the Graduate Office prior to registration in order to make sure that courses for which they register will fall within the requirements of the master's degree program they may subsequently wish to enter.

Upon receipt of the completed application for graduate admission and the official undergraduate transcript at the Graduate Office, the applicant will be notified by letter of formal admission for graduate study and may register thereafter for graduate credit so long as he remains in good standing. Admission for graduate study does not constitute admission to a master's degree program.

FINANCIAL ASSISTANCE

A limited amount of financial aid in the form of graduate assistantships and grants from the Maryland Other Race Grants Program is available each year to selected graduate students. Information concerning such assistance may be obtained from the Graduate Office.

ADMISSION TO MASTER'S DEGREE PROGRAMS

Students are notified by letter of their formal admission to graduate study.

Those students indicating on their application forms an intended plan of study leading to a master's degree are assigned a graduate advisor who will assist them in selecting the program of study most appropriate for their needs.

Students admitted to the college for graduate study, but who have not been admitted to a master's degree program, may enter a degree program by scheduling an appointment at the Graduate Office. Graduate credits earned prior to acceptance for master's degree study may be applicable toward requirements for the degree provided the previously earned credits are appropriate for the degree program desired.

TRANSFER CREDIT

On the recommendation of the faculty advisor and with approval of the director of graduate studies, a student may transfer up to twelve semester hours of graduate credit from other accredited institutions, subject to the following conditions: credit proposed for transfer must be (1) directly related to the student's program of study as approved by the department concerned and the director of graduate studies; (2) acceptable for graduate degree credit by the home institution, and (3) supported by an official transcript showing graduate credit earned with grade of B or higher.

Students planning to earn graduate credit at other institutions for possible transfer toward master's degree requirements at Salisbury State should in all cases write the director of graduate studies prior to registering for such work, giving full particulars on the courses to be taken, so that a decision may be made in advance regarding the acceptability of such credit for transfer. In each case, the student should make certain that he has obtained classification as "graduate student" at the institution from which the transfer of credit is expected.

For students enrolled in the master of education degree program, a maximum of six hours in education and a maximum of six hours outside of education may be considered for transfer. For students in the M.A. program in history, not more than nine of the twelve hours eligible for consideration may be in history. For students in the M.A. programs in psychology and in English, a maximum of twelve semester hours may be transferred.

Credits earned by correspondence are not eligible for transfer.

GRADUATE CREDIT DURING SENIOR YEAR

Salisbury State College undergraduates who are within six semester hours of completing requirements for the baccalaureate degree may register for up to six hours of graduate credit at the 400 level, to be taken concurrently with the remaining courses in the baccalaureate program, with approval of the director of graduate studies. Graduate credit will be awarded only upon completion of baccalaureate degree requirements by the end of the semester in which the final course requirements were begun.

FOREIGN STUDENTS

Foreign applicants should submit all documents required for admission at least two months prior to the date of anticipated enrollment. Official copies of transcripts showing

completion of baccalaureate degree requirements must be sent directly to the Office of Graduate Studies by the institution at which such work was completed, and documents not written in English must be accompanied by English translations. In addition, applicants whose native language is other than English must submit satisfactory scores on the Test of English as a Foreign Language (TOEFL). Information on the TOEFL may be obtained from TOEFL, Educational Testing Service, Princeton, New Jersey 08540.

TIME LIMITATION

All work credited toward the master's degree must be completed within seven calendar years from the end of the semester or summer term in which such work began. For example, a student who began the master's degree program in June 1980, must have completed all requirements for the degree by the end of Summer 1987.

APPLICATION FOR DIPLOMA

It is the responsibility of the individual graduate student to check with his advisor to make sure that all degree requirements have been fulfilled, and to make the necessary arrangements at the Registrar's Office for graduation.

Each degree candidate must make application for his diploma by the appropriate deadline and pay the required Diploma Fee. The Application for Diploma form is available at the Office of the Registrar and must be completed and returned to that office, together with payment of the Diploma Fee, not later than the beginning of the final semester before graduation. Any student who finds it necessary to postpone graduation must submit a new Application for Diploma to the Office of the Registrar.

TUITION AND FEES

Tuition for graduate students classified as Maryland residents is \$50.00 per semester hour for graduate credit and \$32.00 per semester hour for undergraduate credit. Tuition for graduate students classified as out-of-state residents will be \$55.00 per semester hour for graduate credit and \$35.00 per semester hour for undergraduate credit. In addition, an Out-of-State Fee of \$15.00, payable at each registration, is assessed all graduate and post-baccalaureate students residing out of state.

Also payable at each registration is a Registration Fee of \$12.00, a College Center Fee of \$10.00, a Student Activities Fee of \$5.00, an Athletic Fee of \$2.00 per credit hour, and a Parking Permit Fee of \$5.00 per year (September 1 through August 31) for those wishing to park motor vehicles on campus. In addition, students seeking the master's degree are assessed a fee of \$10.00 when applying for admission to candidacy for the master's degree, and a fee of \$35.00 when applying for the diploma.

Tuition and fees are subject to change without notice by action of the Board of Trustees of the State Universities and Colleges.

FACULTY ADVISORY SYSTEM

On admission to master's degree program, the student is assigned a faculty advisor in the appropriate field of study. The major responsibility for advising graduate students rests upon the faculty advisor. Although the individual student is personally responsible for meeting all requirements and deadlines, the faculty advisor and respective department chairman are responsible for certifying to the director of graduate studies that various program requirements for the master's degree have been fulfilled. It is therefore strongly recommended that students in the master's degree program consult their advisors periodically to make sure that the course requirements of their program, and other requirements as well, are clearly understood and are being met on schedule.

STUDENT RESPONSIBILITY

The responsibility for obtaining the Graduate Catalog, information regarding registration and scheduling of classes, for becoming familiar with and fulfilling graduate degree requirements, meeting stated deadlines and filing the necessary forms at the proper offices, rests solely with the graduate student.

APPEALS CONCERNING REGULATIONS

The faculty advisor and respective department chairman have jurisdiction over the program of each degree candidate within regulations established by the Graduate Council. When requested by the student, faculty advisor, and/or department chairman, the Graduate Council shall serve as the Board of Appeals on matters concerning the interpretation of regulations governing the degree program.

TRANSCRIPTS AND CERTIFICATION OF COMPLETION OF DEGREE REQUIREMENTS

Transcripts of graduate records and certification of the completion of degree requirements may be obtained by contacting the Office of the Registrar. Certification of completion of degree requirements will be made only after all requirements are in fact completed and after submission of the completed Application for Diploma and Diploma Fee.

OFFICIAL WITHDRAWAL AND REFUND PROCEDURES

A graduate student who finds it necessary, after registration, to drop a part of his course load, or to withdraw from the college completely for that term, should in all cases complete the official drop or withdrawal form and submit it to the Office of Continuing Education. This assures the student that any refund due will be processed automatically and that his change of registration will become a matter of record.

Students failing to comply with regulations governing official withdrawal and/or dropping of courses forfeit all rights to refunds which might otherwise be made.

Detailed procedures for official withdrawal from the college and for official dropping of courses, including deadlines for submitting of forms necessary for the disbursement of refunds, appear regularly in the Evening Program and Summer Sessions Bulletins. Students are urged to note this information with care.

COURSE LOAD

The unit of credit is based on the semester system. The normal course load for a graduate student attending full-time is nine to twelve credit hours per semester. Requests for course loads in excess of twelve hours per semester must be approved by the director of graduate studies.

In summer, six hours credit is considered a full course load for each of the summer sessions. Additional credit may be taken only with approval of the director of graduate studies.

CLASS ATTENDANCE

Students are expected to attend all class meetings of courses for which they are registered unless informed otherwise by the instructor concerned. Frequent unexcused absences together with unsatisfactory work, due to absence, may result in exclusion from the course or suspension from the graduate division.

GRADING SYSTEM

The following grades are used to evaluate the student's work in his individual courses:

- A (Excellent)
- B (Good)
- C (Satisfactory)
- D (Poor, with no graduate credit for degree allowed)

I (Incomplete)
N (No Credit)

Courses taken for graduate credit may not be taken on a pass/no credit arrangement.

COURSE NUMBERING SYSTEM: GRADUATE CREDIT

Courses at the 500 level offer graduate credit exclusively and are not available to undergraduates. Courses at the 400 level appearing in the list which follows may be taken either for graduate credit or for advanced undergraduate credit. Graduate students enrolled in such courses are expected to do graduate level work and to meet requirements more rigorous than those established for undergraduates. It is the responsibility of the individual instructor to define precisely the quality and quantity of work that he expects from members of his classes, both graduates and undergraduates.

It follows that the instructor may reasonably anticipate work of the highest level of competency from those enrolled in 500 level courses.

PROFESSIONAL CERTIFICATION

Requirements for the various teaching and administrative state certificates change from time to time and are determined by agencies other than the college. Therefore, the college cannot guarantee that a particular graduate program will automatically fulfill requirements for any of the various certificates available. Students seeking such certification are advised to consult a certification specialist within their State Department of Education for information on the particular certification requirements they may wish to meet.

GRADUATE DEGREE PROGRAMS

THE MASTER OF EDUCATION DEGREE

Students seeking the master of education degree at Salisbury State College shall complete one of the following two options: (1) an approved program of study including at least thirty-three semester hours of graduate credit with a cumulative average of B or higher, with no grade lower than C, and with no more than two C's in each of the following areas: (a) required courses in education, (b) electives for those in Program A below, and (c) field of concentration for those in Program B below; or (2) an approved program of study including at least thirty-three semester hours of graduate credit with grades of B or higher; grades of C earned in required courses in education may be used to satisfy the course requirement but may not be applied toward graduation, and not more than two C's may be earned in each of the following areas: (a) required courses in education, (b) electives for those in Program A below, and (c) field of concentration for those in Program B below.

ADMISSION TO CANDIDACY: MASTER OF EDUCATION DEGREE

To be eligible for admission to candidacy for the master of education degree, the applicant must meet the following requirements:

1. Earn a cumulative average of B or higher, including no grade below C, on at least twelve hours of graduate courses completed at Salisbury State College in the master's degree program. This requirement may be waived for students who earned an overall average of B or higher in their undergraduate programs. Others in this program should apply after having earned a cumulative average of B or higher on twelve hours and not later than having completed eighteen hours. Graduate degree students are required to earn a minimum of fifteen semester hours of graduate credit after admission to candidacy except in special cases authorized by the director of graduate studies.
2. Submit the completed application for admission to candidacy to the director of graduate studies for action.

COURSE REQUIREMENTS

The following foundations courses in education are required as indicated. It is strongly recommended that Education 502, below, be taken at the outset of graduate study.

The three additional foundations courses in education should be taken as early in the program as possible.

Required

Education 502: Introduction to Research, (3)

Choice of either of the following two:

Education 510: Seminar: Recent Issues in Education, (3)

Education 511: Critics of Education, (3)

Choice of either of the following two:

Education 514: Seminar in Curriculum Construction, (3)

Education 545: Development, Learning, and Instruction in the Schools, (3)

Choice of either of the following two:

Education 500: Historical and Social Foundations, (3)

Education 501: The School in Western Culture, (3)

Additional requirements for the master of education degree may be met under either of the following two programs.

PROGRAM A (21 semester hours)

1. Six semester hours in approved courses in methodology, techniques and procedures. (A list of approved courses for this requirement is available at the Graduate Office.)

2. Electives: An approved sequence of twelve semester hours, at least half of which shall be selected from courses at the 500 level (i.e., available exclusively for graduate credit).

3. Choice of a research project for three credit hours or an approved course substitute of at least three credit hours. Those electing the course substitute will complete two formal research papers, at least one of which will be completed in connection with one of the 500 level foundations courses (Ed. 500, 501, 502, 510, 511, 514, 545). The other paper may be completed with any of the remaining courses in a student's program including foundations courses. Those electing the research project will enroll in Education 530: Directed Research, (3), and will submit the completed project to the project director. They must also satisfactorily complete an oral examination on the project, to be scheduled through the faculty advisor after completion of the project.

PROGRAM B (21 semester hours)

1. Twelve semester hours in an area of concentration, to be selected from one of the following areas: counseling, early childhood education, educational administration, English, geography, history, mathematics, music, psychology, reading education, science, sociology, or special education. At least six semester hours in the area of concentration shall be selected from courses at the 500 level (i.e., available exclusively for graduate credit).

2. An additional three semester hours in the area of concentration to be completed in one of the following options: choice of a research project in the area of concentration for three credit hours or an approved course substitute in the area of concentration of at least three credit hours. Those electing the course substitute will satisfactorily complete one formal research paper in the area of concentration and one in connection with one of the 500 level foundations courses

(Ed. 500, 501, 502, 510, 511, 514, 545). Those electing the research project will enroll in course No. 530: Directed Research, (3), in the field of concentration, and will submit the completed project to the project director. They must also satisfactorily complete an oral examination on the project to be scheduled through the faculty advisor after completion of the project.

3. Electives: six semester hours selected from any field.

THE RESEARCH PROJECT OPTION

In completing requirements for the master of education degree, students electing the research project option must follow these additional procedures:

1. Present to the faculty advisor following admission to candidacy a brief outline of the research project proposed, if this option is chosen. If approved, the candidate is usually assigned a second advisor. For those electing the research project, the completed project must be submitted to the advisors at least eight weeks prior to the commencement at which graduation is expected.
2. Complete satisfactorily an oral examination on the research project. This examination is administered by three members of the graduate faculty designated by the director of graduate studies.
3. Submit three copies of the research project with the signatures of the examiners for filing with the director of graduate studies after completion of the oral examination.

THE MASTER OF ARTS DEGREE IN ENGLISH

I. Admission to the Program

In addition to the general requirements for admission to the Salisbury State College Graduate Division, outlined above, applicants for admission to the English M.A. Program must have:

- A. The undergraduate English major or its equivalent (thirty semester hours of English beyond freshman English) with a 3.0 grade point average in those undergraduate English courses. Students who fail to meet this requirement should consult the English Department's graduate advisor regarding removal of deficiencies.
- B. Acceptable scores on the Graduate Record Examination aptitude test and advanced test in English. A minimum score of 500 on the advanced test in English is required; however, under special circumstances, the English Department Graduate Committee may admit candidates who do not meet this condition.
- C. Two letters of recommendation from persons qualified to judge the applicant's ability to do graduate work in English.
- D. A written description of their reasons for pursuing English graduate study and their academic goals within the discipline.

II. Admission to Candidacy

- A. After satisfactory completion of at least 12 semester hours and not more than 18 semester hours, under Plan A or B as indicated below, the student should apply for admission to candidacy for the master of arts degree. Graduate students are required to earn a minimum of 15 semester hours after admission to candidacy except in special cases authorized by the director of graduate studies.

III. Course Requirements

- A. To be eligible to receive the M.A. in English, the graduate student must complete thirty-three (33) semester hours. Included in the thirty-three hours must be a minimum of six semester hours (of English) at the 500 level.
- B. The graduate student must maintain a cumulative average of 3.0 (B) or higher on all courses and must have no grades below C. After completion of the first three courses (9 semester hours) in the program, any final grade lower than C will disqualify the student from continued enrollment in the program.
- C. The student may choose either Plan A or Plan B in meeting degree requirements. All course selections must be approved by the faculty advisor.

1. Plan A (non-thesis)

- a. At least 24 semester hours of English at the 400-500 level.
- b. Up to nine semester hours at the 400-500 level in one supporting discipline, e.g., education, history, modern languages, philosophy, psychology, sociology, or communication arts.

2. Plan B (thesis)

- a. At least 21 semester hours of English at the 400-500 level.
- b. Up to 9 semester hours in one supporting discipline listed under Plan A above.
- c. Three semester hours thesis credit (English 531).

IV. Procedures of the Academic Program

- A. The student may elect to concentrate in an area of emphasis compatible with his needs and with the availability of course offerings outlined in the department's course scheduling sequence. This area may be a period of British, American, or comparative literature, a genre of literature, or the study of language. Within the departmental course offerings he may elect also a subordinate emphasis upon folklore or film.
- B. At the time of admission to candidacy (see Section II. above) or thereafter, though certainly before the candidate enters his final semester of course work, he or she, whether engaged in Plan A or Plan B, must consult the department's graduate advisor to determine a faculty panel which will advise the candidate and ultimately evaluate his independent study report. With the aid of the panel and subject to its approval, each candi-

date will then formulate for his own investigation a reasonably circumscribed question designed to synthesize some of the materials in his area of concentration or to probe an area of interest more deeply than he was able to in course work. Once the panel has approved the question, the student may complete his response in an examination setting as soon as he feels prepared—though not later than three months after course work has been completed.

The candidate's faculty panel shall be composed of three faculty members. One shall be the major professor (advisor). At least one of the other two members of the committee will be a member of the English Department Graduate Faculty.

In borderline cases in which there is doubt about the candidate's mastery of any portion of his report, the student will be examined orally. The oral examination will occur after notification of the student and after adequate time for review.

THE MASTER OF ARTS DEGREE IN HISTORY

I. Requirements for Admission to Candidacy

- A. At least fifteen semester hours in history from the junior-senior level or above, including a course in historiography. This preparation is designed to serve as a foundation for graduate study in history and is therefore ineligible for inclusion in the thirty-three semester hours normally required for the degree. Students lacking this preparation must make up the deficiency prior to becoming eligible for admission to candidacy.

- B. Submission of an official copy of scores on the Graduate Record Examination Aptitude Test and Advanced Test in History. In special circumstances, the chairman of the History Department may permit the student to take the advanced test in another field. Applications for the GRE are available on request to the Graduate Admissions Office and test scores should be forwarded to that office directly from Educational Testing Service.

- C. Submission of the completed application for admission to candidacy to the director of graduate studies for action. This application should be submitted after completion of the requirements indicated above and at least twelve semester hours of graduate degree credit and not later than having completed eighteen hours with cumulative average of B or higher and no grade below C.

Graduate degree students are required to earn a minimum of fifteen semester hours of graduate credit after admission to candidacy except in special cases authorized by the director of graduate studies.

II. Course Requirements: A minimum of thirty-three semester hours, with cumulative average of B or higher and no grade below C, is required for the master of arts degree in history. At least fifteen semester hours of this work must be taken in courses at the 500-level, and this 15 hours must include at least nine semester hours at the 500-level in history (i.e., courses available exclusively for graduate credit).

Students admitted to the M.A. program in history may choose either Plan A or Plan B for meeting course requirements. All course selections must be approved by the History Department faculty advisor.

Plan A:

1. Eighteen semester hours in history
2. Nine semester hours in one minor field (education, English, geography, psychology, etc.)
3. Six semester hours: thesis in history

Plan B:

1. Twenty-four semester hours in history
2. Nine semester hours in one minor field (education, English, geography, psychology, etc.)

III. Additional requirements: All candidates for the M.A. in history must satisfactorily complete both a written and an oral examination near the completion of their program requirements demonstrating proficiency in the areas of study undertaken. Students should contact the chairman of the History Department in this regard after completion of twenty-one semester hours of graduate credit.

THE MASTER OF ARTS DEGREE IN PSYCHOLOGY

I. Admission to the Program

The Department of Psychology offers programs leading to the master of arts degree with areas of concentration in school psychology, counseling psychology and general psychology. In addition to the general requirements for admission to graduate study, students seeking admission to the master of arts program in psychology must meet the following requirements:

- A. Completion of the departmental application for admission to the M.A. program in psychology.
- B. Completion of requirements for an undergraduate major, or equivalent, in psychology, or related area (e.g. social work, sociology, education) with acceptable grade point averages in both the major field and overall baccalaureate program. Students without this preparation and/or whose grade point averages fall below acceptable levels may, with good reason, petition the Psychology Department Graduate Committee for admission, and, if successful, may be provisionally admitted to the program while making up deficiencies.

C. Completion of undergraduate courses in Psychological Statistics, Experimental Psychology and Psychology of Learning are required since these courses provide a foundation for graduate study in this field. Students without this foundation may be conditionally admitted to the program but must make up the deficiency prior to formal admission to the degree program.

D. Submission by an appropriate agency of acceptable scores on the Miller Analogies Test. Testing arrangements may be made through the Psychology Department Office on campus.

E. Submission of three letters of reference on standardized forms, available in the admissions packet, from individuals familiar with the applicant's qualifications for graduate study.

II. Admission to Candidacy: After satisfactory completion of at least 12 semester hours, but not more than 18 semester hours, in the master's degree program, the student should apply for admission to candidacy for the master of arts degree. Graduate students are required to earn a minimum of 15 semester hours of graduate credit after admission to candidacy except in special cases authorized by the director of graduate

studies.

III. Course Requirements: A minimum of thirty-six semester hours, approved by the departmental advisor and student's committee and taken in the prescribed sequence according to the area of concentration selected, with grade point average of B or better.

IV. Additional Requirements

- A. Satisfactory completion of a written comprehensive examination. Scheduling of the examination is by written request of the student, submitted at least one month prior to the planned examination date and signed by the advisor. Students failing to complete this examination satisfactorily will be entitled to one re-examination only, to be scheduled after an appropriate time for review.
- B. Satisfactory completion of a thesis for three hours credit (Psychology 531). The thesis topic must be approved by a committee of three faculty members selected by the student and his advisor. Upon completion of the thesis, an oral examination will be conducted by the student's thesis committee. Guidelines for thesis preparation are provided by the department.

Students must furnish their own materials. **Prerequisite:** Graduates must receive approval of the departmental chairman.

NOTE: See Education Department listings for course in Art Education (Education 495).

BIOLOGY

415, 416. RESEARCH IN BIOLOGY

3 hours credit each

Independent study, in which each student conducts his own research project under the supervision of a member of the faculty.

Prerequisite: Approval of project by supervisor. Normally reserved for advanced undergraduates and graduates. **One hour of formal instruction each week and two additional hours to be arranged individually.**

418, 419. BIOLOGY SEMINAR

1 hour credit each

Discussions concerning timely topics in biology and related fields. Includes direct student participation and faculty lectures. **Prerequisite:** Consent of the instructor. **One hour per week.**

422. GENERAL PHYSIOLOGY

3 hours credit

Encompasses the underlying physical and chemical principles of vital activity. Basic mechanisms are emphasized. The laboratory will include techniques in physiological investigation. **Prerequisite:** Biology 201, 204 and consent of instructor. **Two hours lecture and three hours laboratory per week.**

423. ELECTRON MICROSCOPY

3 hours credit

Introduction to the principles and techniques of electron microscopy in biology, including tissue fixation, embedding, ultramicrotomy, microscopy and photography. **Prerequisites:** Biology 101 and 102 and completion of the biology core program or equivalent. **Two hours lecture and three hours laboratory per week.**

430. PLANT PHYSIOLOGY 4 hours credit

Advanced study of the physiological mechanisms utilized by plants with special reference to higher phyla. **Prerequisites:** Biology 203. A minimum of eight hours of chemistry is highly recommended. **Two hours lecture and 4 hours laboratory per week.**

435. CYTOLOGY

3 hours credit

A discussion of the structure and function of the cell and its components. Laboratory work is based on light microscopy and electron microscopy. **Prerequisites:** Biology 101 and 102 and completion of the biology core program or equivalent. **Two hours lecture and three hours laboratory per week.**

490. SPECIAL TOPICS IN BIOLOGY

1-3 hours credit

A study of a specific area of biological science. The topic will vary from semester to semester. This course may be taken twice, under different course subtitles recorded with the registrar. **Prerequisites:** Biology 101 and 102 and approval of the instructor.

501. MODERN CONCEPTS IN BIOLOGY

3 hours credit

A study of the most recent developments in biology, with special emphasis on genetics, animal behavior and sociobiology. This course may be taken twice, under different course subtitles recorded with the registrar.

Prerequisites: Biology 101 and 102 and completion of the biology core program or equivalent. **Three hours lecture per week.**

502. BIOLOGY AND ENVIRONMENT

3 hours credit

A study of organisms as integral parts of their environments, including field studies involving applications of environmental principles. **Prerequisites:** Biology 101 and 102 and completion of the biology core program or equivalent. **Two hours lecture and two hours laboratory per week.**

503. CONTEMPORARY CELL BIOLOGY

3 hours credit

An intensive study of the latest findings in cell biology, with application to the pressing problems of today. **Prerequisites:** Biology 201, 202 and at least one year of chemistry. **Three hours lecture per week.**

504. PERSPECTIVES IN MODERN GENETICS

3 hours credit

Intensive study of modern genetics for the advanced student. Findings in molecular, cellular and developmental genetics will be related to classical genetic theory and current problems. **Prerequisites:** Biology 201, 202 and at least one year of chemistry. **Three hours lecture per week.**

CHEMISTRY

(See Physical Sciences)

COMMUNICATION ARTS

403. CREATIVE DRAMATICS 3 hours credit

Emphasis is centered upon the manner in which creative dramatics assist in the growth of the child. The course considers creative dramatics as a motivating factor in the teaching and learning process. **Three hours per week.**

403. REGIONAL AND HISTORICAL GEOGRAPHY OF THE MEDITERRANEAN LANDS**3 hours credit**

An analysis of the geographic unity and complexity of the lands bordering the Mediterranean Sea. Contemporary problems are considered in their geographic setting. **Three hours per week.**

405. URBAN GEOGRAPHY**3 hours credit**

An analysis of the spatial distribution of urban settlements, their internal structure and characteristics. Emphasis is placed on techniques of analysis, and on the development of theoretical concepts and general principles. Special attention is given to contemporary urban problems and urban planning. **Prerequisite:** Geography 203 or consent of instructor. **Three hours per week.**

406. REGIONAL PLANNING**3 hours credit**

An analysis of the spatial incidence of economic growth. Emphasis is placed on the spatial dimension as an important considera-

tion in the theory and practice of economic development planning. **Prerequisite:** Geography 203 or consent of instructor. **Three hours per week.**

407. INDUSTRIAL LOCATION

3 hours credit

An analysis of the major factors influencing industrial location decisions and the spatial arrangement of industrial activity. Emphasis is placed on the development of theoretical concepts and general principles. Some attention is given to regional and city industrial development planning. **Prerequisite:** Geography 203 or consent of instructor. **Three hours per week.**

408. URBAN PLANNING

3 hours credit

An examination of theories and strategy approaches to urban development and land use planning along with techniques for evaluation. An assessment of the urban planning process with case studies. **Prerequisite:** Geography 203 or consent of instructor. **Three hours per week.**

411. GEOMORPHOLOGY

3 hours credit

This course deals with landform analysis. Treatment is given to the agents of erosion and deposition—water, wind, and ice, and to the internal forces which leave visible evidence on the earth's surface. **Prerequisite:** Geography 200 or consent of instructor. **Four hours per week and four one-day and one three-day field trips.**

413. CLIMATOLOGY

3 hours credit

An analysis of climatic elements and their control. Consideration is given to climatic classifications and the distribution of climatic types. **Prerequisite:** Geography 201 or consent of instructor. **Four hours per week.**

415. SELECTED PROBLEMS

3 hours credit

Independent study designed to permit research or in-depth work on a selected topic. Specific topic will be indicated on the transcript. May be taken twice for credit. **Prerequisite:** Twelve hours in geography and consent of instructor.

422. READINGS IN GEOGRAPHY

3 hours credit

Readings designed to permit in-depth study of a selected topic. Specific topic will be indicated on transcript. May be taken twice for credit. **Prerequisite:** Twelve hours in geography and consent of instructor.

450. TOPICS IN GEOGRAPHY

3 hours credit

An analysis of selected systematic and/or regional topics. A single theme will be considered and will be entered on the student's transcript. May be taken three times for credit. **Prerequisite:** Consent of instructor. **Three hours per week.**

475. FIELD PROBLEMS IN GEOGRAPHY

6 hours credit

In-field geographic research experience.

Emphasis is on actual field experience that involves the development of a research proposal, data collection and analysis, and the integration of such in a formal research paper. **Prerequisite:** Consent of instructor.

500. GEOGRAPHICAL INFLUENCES IN AMERICAN HISTORY

3 hours credit

A study of the geographical influences affecting the historical growth and development of North America from colonial times to the present. **Prerequisite:** Geography 206 or consent of instructor. **Three hours per week.**

502. SEMINAR: ANGLO-AMERICA

3 hours credit

An analysis of selected problems concerning the physical and human geography of Anglo-America. Topics selected with the consent of instructor. **Prerequisite:** Geography 206 or consent of instructor. **Three hours per week.**

503. SEMINAR: REGIONAL AND HISTORICAL GEOGRAPHY OF EUROPE

3 hours credit

An analysis of selected problems concerning the physical, political and historical geography of Europe. Topics selected with consent of instructor. **Prerequisite:** Geography 304 or consent of instructor. **Three hours per week.**

504. SEMINAR: PHYSICAL GEOGRAPHY

3 hours credit

A seminar dealing with current problems in areas of meteorology, climatology, soils, geomorphology and vegetation. Topics selected with consent of instructor. **Prerequisite:** Consent of instructor. **Three hours per week.**

530. DIRECTED RESEARCH

3 hours credit

Preparation of optional research project in master's degree program under departmental direction.

GEOLOGY (See Physical Sciences)

HEALTH

401. COMMUNITY HEALTH

3 hours credit

A study of the factors involved in improving public health, including a survey of community health problems and resources, and the role of the teacher in community health. **Three hours per week.**

HISTORY

400. HISTORY OF MARYLAND

An intense study of particular institutions and movements in Roman history. Emphasis on family history and social and religious trends during the early imperial period of Roman history. **Prerequisites:** History 101 and 102. **Three hours per week.**

472. STUDIES IN CLASSICAL ARCHAEOLOGY **3 hours credit**

Assorted topics and archaeological sites of the ancient Mediterranean world (Crete, Greece and Italy) will be examined. Course may be taken twice under different subtitles. **Prerequisite:** History 101, 102. **Three hours per week.**

490. STUDIES IN HISTORY **3 hours credit**

An intensive historical study of particular periods; groups; economics, intellectual, cultural, social movements, and/or institutions. This course may be taken twice, under different course titles recorded with the registrar.

502. SEMINAR: COLONIAL AND REVOLUTIONARY AMERICA **3 hours credit**

A study of colonial institutions and the American Revolutionary movement. Emphasis is placed upon the study of specific topics through individual research projects. This course may be taken twice, under different course subtitles recorded with the registrar. **Three hours per week.**

503. SEMINAR IN NINETEENTH CENTURY AMERICA **3 hours credit**

This seminar offers an opportunity to the student to explore in-depth 19th century American society, via themes selected by the instructor. This course may be taken twice, under different course subtitles recorded with the registrar. **Three hours per week.**

504. SEMINAR IN EUROPEAN HISTORY **3 hours credit**

A seminar designed to enable the student to explore, through intensive research, basic problems in European history. The period or topics to be studied will be selected by the instructor. This course may be taken twice, under different course subtitles recorded with the registrar. **Three hours per week.**

505. SEMINAR: MARYLAND HISTORY **3 hours credit**

A seminar designed to acquaint students, through readings and research, with some of the major problems and developments in the history of Maryland. This course may be taken twice, under different course subtitles recorded with the registrar. **Three hours per week.**

506. SEMINAR IN TWENTIETH CENTURY AMERICA **3 hours credit**

A seminar enabling the student to explore intensively specific periods and/or problems in this century through individual research. This course may be taken twice, under different course subtitles recorded with the registrar. **Three hours per week.**

508. SEMINAR IN AMERICAN DIPLOMACY **3 hours credit**

A seminar permitting students to investigate, through reading and research, selected problems in the history of American diplomacy. This course may be taken twice, under different course subtitles recorded with the registrar. **Three hours per week.**

510. SEMINAR IN LATIN AMERICAN HISTORY **3 hours credit**

An intensive study of major institutions and specific periods in Latin America through reading and research. This course may be taken twice, under different course subtitles recorded with the registrar. **Three hours per week.**

530. DIRECTED RESEARCH **3 hours credit**

Preparation of optional research project in master's degree program under direction of departmental supervision. **Three hours per week.**

531. THESIS **3 hours credit****LEISURE STUDIES****460. LEISURE: THEORY AND POLICY** **3 hours credit**

An in-depth analysis of the theoretical constructs which constitute the field of leisure. Emphasis will be placed on the inter and multi-

disciplinary nature of the issues as well as the policy implications of the varied disciplines. **Three hours per week.**

MATHEMATICAL SCIENCES**402. THEORY OF NUMBERS** **3 hours credit**

Basic concepts: integers, prime numbers, divisibility, congruences and residues. **Prerequisite:** Math 201. **Three hours per week.**

406. GEOMETRIC STRUCTURES **3 hours credit**

An axiomatic development of incidence, ordered incidence, affine and absolute geometries; investigation of Euclidean and non-Euclidean geometries. **Prerequisite:** Math 201. **Three hours per week.**

413. MATHEMATICAL STATISTICS I **3 hours credit**

Axioms and algebra of probability, discrete and continuous random variables and their probability distribution, multivariate distributions, limit theorems. **Prerequisite:** Math 310. **Three hours per week.**

414. MATHEMATICAL STATISTICS II **3 hours credit**

Methods of estimating, properties of estimators, hypothesis testing, linear models, least squares, analysis of variance, enumerative data, nonparametric statistics. **Prerequisite:** Math 413. **Three hours per week.**

431. POINT SET TOPOLOGY **3 hours credit**

Topological spaces, homeomorphisms, compactness, metric spaces, connectedness and other topics. **Prerequisite:** Math 306 or 310. **Three hours per week.**

441. ABSTRACT ALGEBRA **3 hours credit**

An introduction to the theory of groups, rings, integral domains and fields, including basic properties of polynomials. **Prerequisite:** Math 306 or 310. **Three hours per week.**

451. ANALYSIS I **3 hours credit**

Modern abstract analysis including such topics as topology of the real number system, sequences, continuity and differentiability. **Prerequisite:** Math 310. **Three hours per week.**

452. ANALYSIS II **3 hours credit**

A continuation of Analysis I including such topics as the Riemann-Stieltjes integral, sequences of functions, and Lebesgue Theory. **Prerequisite:** Math 451. **Three hours per week.**

461. DIFFERENTIAL EQUATIONS **3 hours credit**

Frobenius series solutions, regular and singular points, existence and uniqueness theorems for the initial-value problem; systems of equations; the boundary-value problem; other topics. **Prerequisite:** CALC IV (Math 311). **Three hours per week.**

465. MATHEMATICAL MODELS AND APPLICATIONS **3 hours credit**

Mathematical basis for model building; examples of simple models for uncomplicated systems in biology, psychology, business and other fields, finite markov processes; models for growth processes. **Prerequisite:** Math 306. **Three hours per week.**

480. DATA BASE MANAGEMENT SYSTEMS **3 hours credit**

Study of the design, implementation, and application of Data Base Management Systems. Several commercially-available systems will be examined. **Prerequisite:** Experience with File-Design Concepts (Math 382 or 385). **Three hours per week.**

483. SOFTWARE SYSTEMS II **3 hours credit**

Analysis of the operating system, the program which supervises the activity of the computer. Resource allocation will be emphasized. **Prerequisite:** Math 383 and 385. **Three hours per week.**

487. MICROCOMPUTER APPLICATIONS **3 hours credit**

Microcomputers and their applications to instrumentation, data-logging and process control. Offered at undergraduate level on P/N basis. Traditional letter grade used in assigning graduate credit. **Prerequisite:** Familiarity with a microcomputer at the machine level (Math 281). **Two hours lecture and two hours lab per week.**

490. SPECIAL TOPICS **3 hours credit**

For the student who wishes to study in certain specialized areas such as complex variables, logic, non-euclidean geometry, or other topics suggested by faculty or students. This course may be taken twice, under different course subtitles recorded by the registrar. **Prerequisites:** (For most topics) Math 306 and 310.

500. FOUNDATIONS OF NUMBER THEORY **3 hours credit**

Designed for teachers of arithmetic with emphasis on the development of real number system in Elementary Number Theory. **Prerequisite:** One course in college mathematics or consent of instructor. **Three hours per week.**

501. COMPUTER SCIENCE FOR MATH & SCIENCE TEACHERS **3 hours credit**

Study of microcomputers, advanced programming concepts, and other topics appropriate to secondary school teachers of Mathematics and Science. **Prerequisite:** Ability to design and write clear programs (Math 181).

506. SELECTED TOPICS **3 hours credit**

Designed for students with a major in mathematics to develop topics in mathematics not included in the undergraduate program or to extend areas previously studied. **Prerequisite:** Approval of the department.

507. SEMINAR: ALGEBRA 3 hours credit

A seminar dealing with selected topics from linear and abstract algebra. A seminar paper is required. **Prerequisite:** Approval of the department.

508. TRANSFORMATION GEOMETRY**3 hours credit**

A study of the group-theoretic structure of geometry. Application of isometries, similarities and affine transformations to Euclidean geometry. **Prerequisite:** Math 406 or equivalent.

530. DIRECTED RESEARCH 3 hours credit

Preparation of optional research project in master's degree program under direction of departmental supervision.

590. SPECIAL PROBLEMS IN MATHEMATICS 3 hours credit

Individually designed programs including summer workshops and special seminars. Specific topic will be indicated on transcript. This course may be taken twice, under different course subtitles recorded with the registrar. **Prerequisite:** Consent of instructor.

MUSIC**400. RENAISSANCE AND BAROQUE MUSICAL STYLES 3 hours credit**

Philosophy, musical forms and styles of the period 1500-1750, study of representative vocal and instrumental music by outstanding composers of the period. **Prerequisite:** Music 104 or approval of department chairman. **Three hours per week.**

410. CHURCH MUSIC 3 hours credit

Designed for the practicing or potential church musician. A practical course dealing with all aspects of the church music program.

Prerequisite: Approval of the instructor. **Three hours per week.**

411, 412. APPLIED MUSIC I AND II**3 hours credit each**

An advanced course in performance technique using a wide variety of literature. A solo recital (alone, or sharing a program with other students) encompassing music of many styles and periods is a required culmination. Students will elect one performing medium (piano or voice or organ or other instrument) and must have completed the fourth course in the sequence for that instrument as a prerequisite. Each course may be repeated for credit once. **Three hours per week and a minimum of 12 individual practice hours per week.**

416. AMERICAN MUSIC 3 hours credit

Analysis of musical forces and styles as they reflect the nation's development and America's unique contributions to the growth of music as an art form. **Prerequisite:** Music 104 or equivalent. **Three hours per week.**

417, 418. CLASS PIANO V AND VI**2 credit hours each**

Continuation of technical and performance skills from Piano IV. For students who require additional study to qualify for Applied Music or for those who wish to continue study below the Applied Music level. **Prerequisite:** Piano IV or written approval of instructor.

423, 424. CLASS VOICE V AND VI**2 credit hours each**

Continuation of vocal and performance skills from Voice IV. For students who require additional study to qualify for Applied Music or for those who wish to continue to study below the Applied Music level. **Prerequisite:** Voice IV or written approval of instructor.

426. ARRANGING FOR VOICES AND INSTRUMENTS 3 hours credit

Fundamental techniques of scoring for various a cappella and accompanied voice combinations, scoring for orchestra, band and various instrumental combinations, special characteristics of each choir of instruments, range of voices, selection of suitable literature for treatment in different ensembles, with considerations of style. **Prerequisites:** Theory IV (or concurrent registration with Theory IV). **Three hours per week.**

429. MUSIC CONCEPTS FOR EARLY CHILDHOOD 3 hours credit

Melodic and rhythmic elements within the cognitive, physical and aural capabilities of young children (nursery school through primary grades), use of simple creative application to reinforce music concepts. **Prerequisite:** Music 200 or approval of instructor. **Three hours per week.**

430. MUSIC CONCEPTS FOR ELEMENTARY SCHOOL**3 hours credit**

Development of musical skills, with emphasis on part-singing, piano accompaniments, combined rhythms, conducting skills, and

creative application of these skills appropriate for the elementary school. **Prerequisite:** Music 200 or consent of the instructor. **Three hours per week.**

431. MUSIC CONCEPTS IN SECONDARY SCHOOL GENERAL MUSIC**3 hours credit**

Selection and application of appropriate materials and techniques to develop musical concepts, skills, knowledge, judgement and discrimination in adolescents. **Prerequisite:** Music 200 or consent of instructor. **Three hours per week.**

435. CHORAL LITERATURE 3 hours credit

Class investigation and evaluation of choral music for all voice combinations appropriate for elementary through senior high school and adult ensembles. **Three hours per week.**

440. MODERN MARCHING BAND: TECHNIQUES AND MATERIALS**3 hours credit**

A detailed work survey of traditional marching band styles and their adaptation to current trends. **Prerequisite:** Approval of the instructor. **Three hours per week.**

441. INSTRUMENTAL LITERATURE**3 hours credit**

Class investigation and evaluation of new methods and materials for bands, orchestras, and instrumental ensembles. **Prerequisite:** Approval of the instructor. **Three hours per week.**

450. STUDIES IN MUSIC 3 hours credit

Study of a single composer or musical form or performance medium or technique or topic in music education. The topic will differ from semester to semester. This course may be taken twice, under different course subtitles recorded with the registrar. Possible prerequisite(s) listed according to topic by semester. **Three hours per week.**

490. DIRECTED INDEPENDENT STUDY**1-3 hours credit**

A tutorial course in any area of music open to senior and graduate students. May include continuation of a skills development program begun in the lower level independent study course, or any type of individual research in music not normally included in courses offered by the department, or individual study of an area needed for teacher certification but not offered by the department in the current semester. Approval in writing of department chairman and supervising faculty member prior to registration, with the area of study to be specified in writing.
